ABOUT US

BEAM established in 2019 by a collaboration of bright minds with relevant industrial experience in light current, fire alarm and fire fighting industries, not only covering the aesthetics but also with all the technicals in mind.

Our team by design covers all the aspects of a project to create and implement innovative solutions for the modern-day world.

PHILOSOPHY

MISSION

Is to implement the right solution with the right cost without compromising our quality

VISION

Is to lead the industry and change the dogma around cost and value, achieve more with less cost

VALUES

Is to always exceed our clients expectations and deliver the right value with the high quality

STRENGTHS

CREATIVITY

With new solutions for the new challenges, we face today

INNOVATION

Taking the first step to stay ahead of the curve all the time

EFFICIENCY

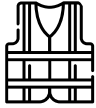

Beauty is achieved through the right solution

COMMITMENT

No matter what challenges we face we are consistent with providing solutions

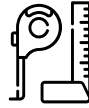

SERVICES

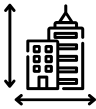

Construction

Required assembly for raceways, withdrawal to deliver

Engineering Services

All technicals and details is covered through our work

Design

With form and function both in mind

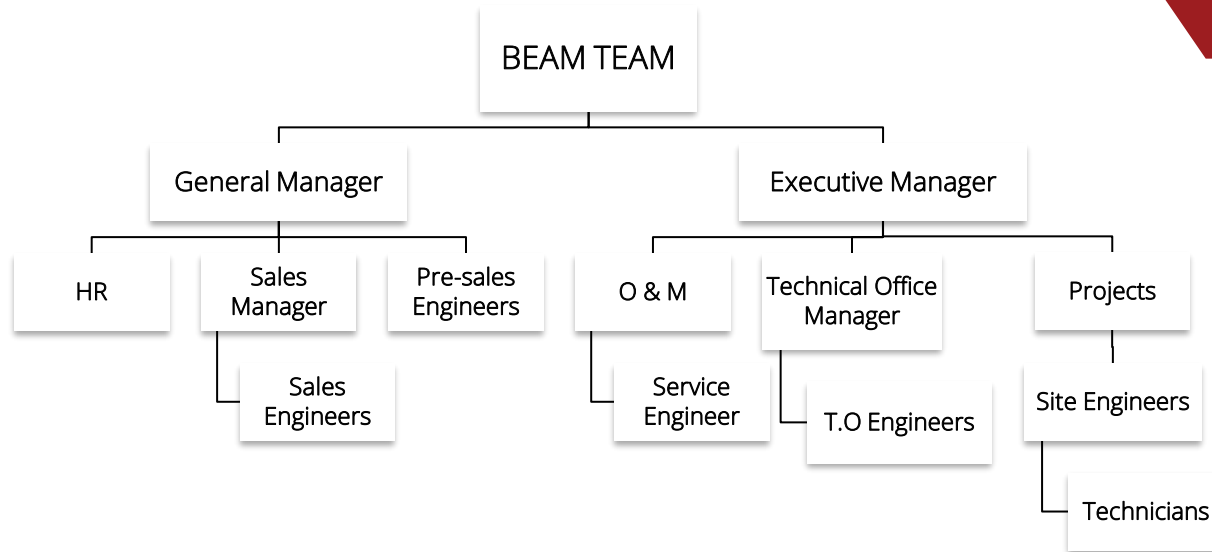

Supplying

Getting unknown requirement easily
